**SAIL NUMBERS:** Sail numbers must either correspond to the hull number for boats with serial numbers on the transom, or be a number previously used in National events by the sailor. Priority goes to whoever first used that number in a National event. If two or more sailors register with an otherwise unregistered sail number that has not been used in prior years, the one registering first may sail with that number. There are no sail numbers consisting of only zeros, and the numbers from 1-99 are for the use of the host club and may only be used with their permission.

**GENERAL INFORMATION:** Carpet or other ground cover is strongly suggested as some beaches may have pebbles. Sail numbers must be properly displayed and sails may not be changed during the regatta. All Juniors must sail with crew in the Junior fleet and both skipper and crew must wear PFDs. Crew substitution will be allowed in both fleets.
